Dear Delaware Valley High School Students and Families,

I am excited and honored to be serving as the Delaware Valley High School Principal this school year. When I arrived at DVHS over two decades ago, I was planning on making DV a stop not a destination; however, I immediately fell in love with my job because I quickly realized Delaware Valley was a special place. Growing up in a family of educators, I immediately appreciated the DV culture and intense focus on academic success. We have extremely talented teachers who make student centered decisions and our students and families are second to none.

Over the past two decades, I have been a special education teacher, social studies teacher and for 9 years I was the Assistant Principal for Academic Affairs. I have always taken pride in staying connected to the classroom by teaching one class even when I entered my administrative career. After all, the classroom is the best place to be!

We take pride in offering our students a robust list of course offerings and over 50 clubs to meet the needs of all students. Our Career and Technical Education program has 8 state of the art program offerings for our students to take advantage of. In addition, we offer 32 Advanced Placement exam options.

We are excited to welcome our students back. We realize the last few years have been very difficult on our entire school community. In the words of Roy T. Bennett, “Your hardest times often lead to the greatest moments of your life. Keep going. Tough situations build strong people in the end.” We know our students have been challenged and are stronger as a result.

I love warrior nation and look forward to an exciting and productive year.

Sincerely,

Dr. Nicole Cosentino
High School Principal
