Senior wrestler Jack Fagan continues to be a standout student athlete at Delaware Valley. Currently, Fagan is 26-5 headed into States. At team Districts he went 3-0 with three pins. According to head coach Lou DeLauro, “Jack always does what is best for the team and is a great example of a true leader.” Fagan continues to shine in the classroom as well. He has attained an impressive 4.3 grade point average this year. “It is a good experience working with other people and making a commitment whether to a team or to a club,” Fagan said. “Being exposed to different people and things help mold me for the future.” Fagan also volunteers for the Warrior Kid Football camp in the summer. Furthermore, he volunteers for a roadside cleanup and Relay for Life. He is also a member of Student Council. “I am always happy to do volunteer work for different causes,” he said. “It makes me feel good that I can help others.”
