# CONGRATULATIONS

**Congratulations to the varsity competition cheerleaders** for their fifth place finish at the Empire Regional yesterday. This qualified them for the National High School Cheerleading Championships in Orlando.

**On Friday night the Lady Warrior hoops team** opened up the season with a loss at Pleasant Valley. Leading the Warriors was Brooke Acoveno with 10 points and 6 rebounds. On Saturday they bounced back for a win beating Pocono Mountain East. Brooke Acoveno lead all scorers with 18pts and 10 rebounds while Gabby White added 7 points 2 blocks and 3 steals. The Warriors are back in action on Wed. night at home vs East Stroudsburg North.

**Congratulations to the wrestling team** on a great performance this weekend. Connor Crescimano placed 5<sup>th</sup>, Jason Henderson and Preston Machado placed 4<sup>th</sup>, and Machias Magill was the tournament champion. The team is back in action Thursday night at home against Lake Lehman.

**On Saturday, December 7, two teams consisting** of Kaleigh Kuddar, Laura Marquez, Abigail Vogel, Alice Cauchi, McKenzie Panetta, and Hannah Williams competed in the 17th Annual Women of Science Competition held at Bedford High School in Bedford, Massachusetts. The competition consisted of four different events that tested their science knowledge. Both teams represented DV well and came in the top third overall. The team consisting of Kaleigh, Laura and Abby came in first place in the pre-made engineering event. They were able to build a trebuchet that launched the furthest out of all the teams. The team consisting of Alice, Kenzie and Hannah came in third place for the mystery architecture event, where they had to use their critical thinking and problem solving skills to calculate and determine the mass of given objects. Great job, girls!

# TODAY IN HISTORY

In 1968, the first [demonstration](#) of the use of a computer [mouse](#) was given at the American Federation of Information Processing Societies' Fall Joint Computer Conference at Stanford University, California. The mouse's inventor, Doug Engelbart and a small team of researchers from the Stanford Research Institute stunned the computing world with an extraordinary demonstration at a San Francisco computer conference.
