

Delaware Valley School District

Dear Parent:

School health law requires all children who are in grade K, three and seven to have a complete dental examination. If the required examination is done by your family dentist, please have them complete the form below and return it to the school nurse's office.

If you are on an every six month schedule, please mail this form to your dentist and request that it is completed for the last dental visit. Any exam done within one year of August of the current school year is acceptable. Any students who are not examined privately will be examined by the school dentist in the spring. Students who fail to complete and/or submit acceptable evidence of the mandated dental examination within the appropriate time period will not be admitted to school the following school year unless or until acceptable proof of compliance is received.

Thank you,
Delaware Valley Nurses

Family Dentist Report

Student name _____ Date _____
