

2nd Annual

# Warrior Engineering Invitational Friday, June 5, 2015

Delaware Valley  
High School

252 Route 6 & 209

## You're Invited!

### What is the Challenge?

- Students learn of the design challenge when they arrive at the competition.
- Given the materials and the allotted time, the challenge will require a great deal of innovation to be successful.
- An outside panel of technical professionals and engineers will select the project and judge the competition
- Sponsored by:

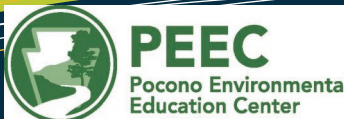

**What is it?** A one-day design contest open to area high schools and middle schools. The teams will be presented with one design challenge at the competition (not before) and will design, construct, and present their solution the day of the competition.

**How many teams can you send?** Each high school can send one or two teams of up to 5 students, and each middle school can send one or two teams of up to 5 students.

**How much does it cost?** The cost is \$100 per team which includes lunch at our Warrior Café, Internet access, and all materials and tools needed for the design process.

**What do you need to bring?** A laptop with Power Point and CAD software (if possible).
