DV Engineering Contest

Teams from area schools worked on building a functioning, electricity-generating wind turbine during the second annual engineering contest last Friday at the Delaware Valley High School gym. In the high school division, the top teams were: 1st place Wallenpaupack Team #1, 2nd place North Pocono Team #2, 3rd place Delaware Valley Team #2. In the middle school division: 1st place Dingman-Delaware Team #1, 2nd place Delaware Valley #1, 3rd place Dingman Delaware #2. Bob Curtis of the Delaware Valley High School Engineering Club hosted the event, and the judges were George De Feis of Air Soil Water, Jeff Rosalsky of PEEC, and Eugene Ruzanski from Schoenagel & Schoenagel LLC, Engineering & Land Surveying. Jolie DeFeis of Air Soil Water was the coordinator.
