

PSSA TESTING

The Pennsylvania School Code, 24 P.S. §13-1327.1(e)(1) states that the portfolio for home education students in grades 3, 5 and 8 must include the results of the standardized statewide tests for reading/language arts and mathematics or a PDE approved nationally normed standardized achievements test.

As the supervisor of the home education program, you can request your student(s) take the statewide tests administered in these grades with Delaware Valley School District. The District will arrange for the student(s) to take the test at the school building they normally would attend. If you would like to have your student(s) participate in PSSA testing with Delaware Valley fill out this form and return it to the Office of Home Education by **October 1st**. Please circle the appropriate grade and the school of residence next to the test you are requesting. The form will be forwarded to the Guidance Office of the indicated school and they will make the appropriate arrangements.
